THE BIRTH OF A NEW ERA

THE WAIT IS FINALLY OVER. IT IS WITH GREAT PRIDE AND ENTHUSIASM THAT WE PRESENT TO YOU OUR **FIRST** COMPREHENSIVE CATALOG. MY GRANDFATHER WOULD BE PLEASED TO SEE JUST HOW FAR THE FAMILY BUSINESS HE STARTED IN 1920 HAS COME. ALTHOUGH WE ARE NOW IN OUR 82nd YEAR OF OPERATION, THIS PUBLICATION SIGNIFIES A NEW ERA.

NO LONGER WILL OUR CUSTOMERS SAY "I DIDN'T KNOW YOU CARRIED THAT". WE HAVE MADE A CONCERTED EFFORT TO MAKE OUR CATALOG **USER FRIENDLY**. THERE IS AN ABUNDANCE OF TECHNICAL DATA TO MAKE ORDERING EASIER AND MORE PRECISE. ONE OF OUR GOALS IS TO FILL THE GAP OF UNCERTAINTY AND MAKE YOU FEEL CONFIDENT THAT YOUR ORDER WILL BE FILLED CORRECTLY EACH AND EVERY TIME.

OUR STAFF HAS REDEDICATED THEMSELVES TO MAINTAINING YOUR PRESENT BUSINESS AND EXPANDING IT EVEN FURTHER. AS OUR VALUED CUSTOMER, YOU WILL NEVER BE A NUMBER. WE WANT TO KNOW YOU PERSONALLY, KNOW MORE ABOUT YOUR BUSINESS, AND BETTER UNDERSTAND YOUR NEEDS SO WE CAN PROVIDE A HIGHER LEVEL OF **SERVICE**.

WE KNOW YOU HAVE OTHER OPTIONS AND WE INTEND TO SHOW YOU THAT PERSONALIZED SERVICE DOES MAKE A DIFFERENCE. WE CONTINUE TO SERVE THREE VERY DISTINCT MARKETS: INDUSTRIAL BUSINESSES, PROPERTY MANAGEMENT COMPANIES AND RESIDENTIAL AND COMMERCIAL DEVELOPERS. ALTHOUGH THERE IS SOME OVERLAP IN THE PRODUCTS THEY USE, THEY ARE EACH VERY DIFFERENT.

WE URGE YOU TO UTILIZE THE EXPERTISE OUR STAFF HAS TO OFFER, FROM PRODUCT APPLICATION TO PRODUCT SEARCH TO PRODUCT ALTERNATIVES. ITS ALL PART OF THE PACKAGE WE PROVIDE.

WE ARE SINCERELY GRATEFUL TO THOSE BUSINESSES WHO HAVE SUPPORTED US SINCE 1920 AND TO THOSE OF YOU WHO ARE JUST LEARNING ABOUT OUR VALUE. WE THANK YOU FOR THE OPPORTUNITY TO SHOW YOU THAT OUR COMPANY CAN MAKE A DIFFERENCE.

RANDY L. SAFIER
PRESIDENT

STANLEY D. SAFIER
(FORMER) PRESIDENT

JOSEPH SAFIER
FOUNDER

Mill Supply Company was established in 1920 as a retail hardware store in historic Fells Point. We have evolved into a wholesale distributor for residential builders, as well as the property management and industrial trades. We currently inventory over 9,000 items and have access to countless others.

Our knowledgeable sales staff can answer many questions quickly and accurately, ensuring that you get the correct information the first time.

We can provide you with monthly and yearly reports that will “evaluate” your purchases by category. This will allow you to see where your dollars are being spent and to help you budget accordingly.

Our current future projects include :

- Our 2nd edition of our Mill Supply Catalog.
- A PDF version of our Mill Supply Catalog on CD ROM
- E-Mail capability with anyone in our organization
- Our new web site* : **www.millsupplyco.com** (Available early 2003)

***Advantages include:**

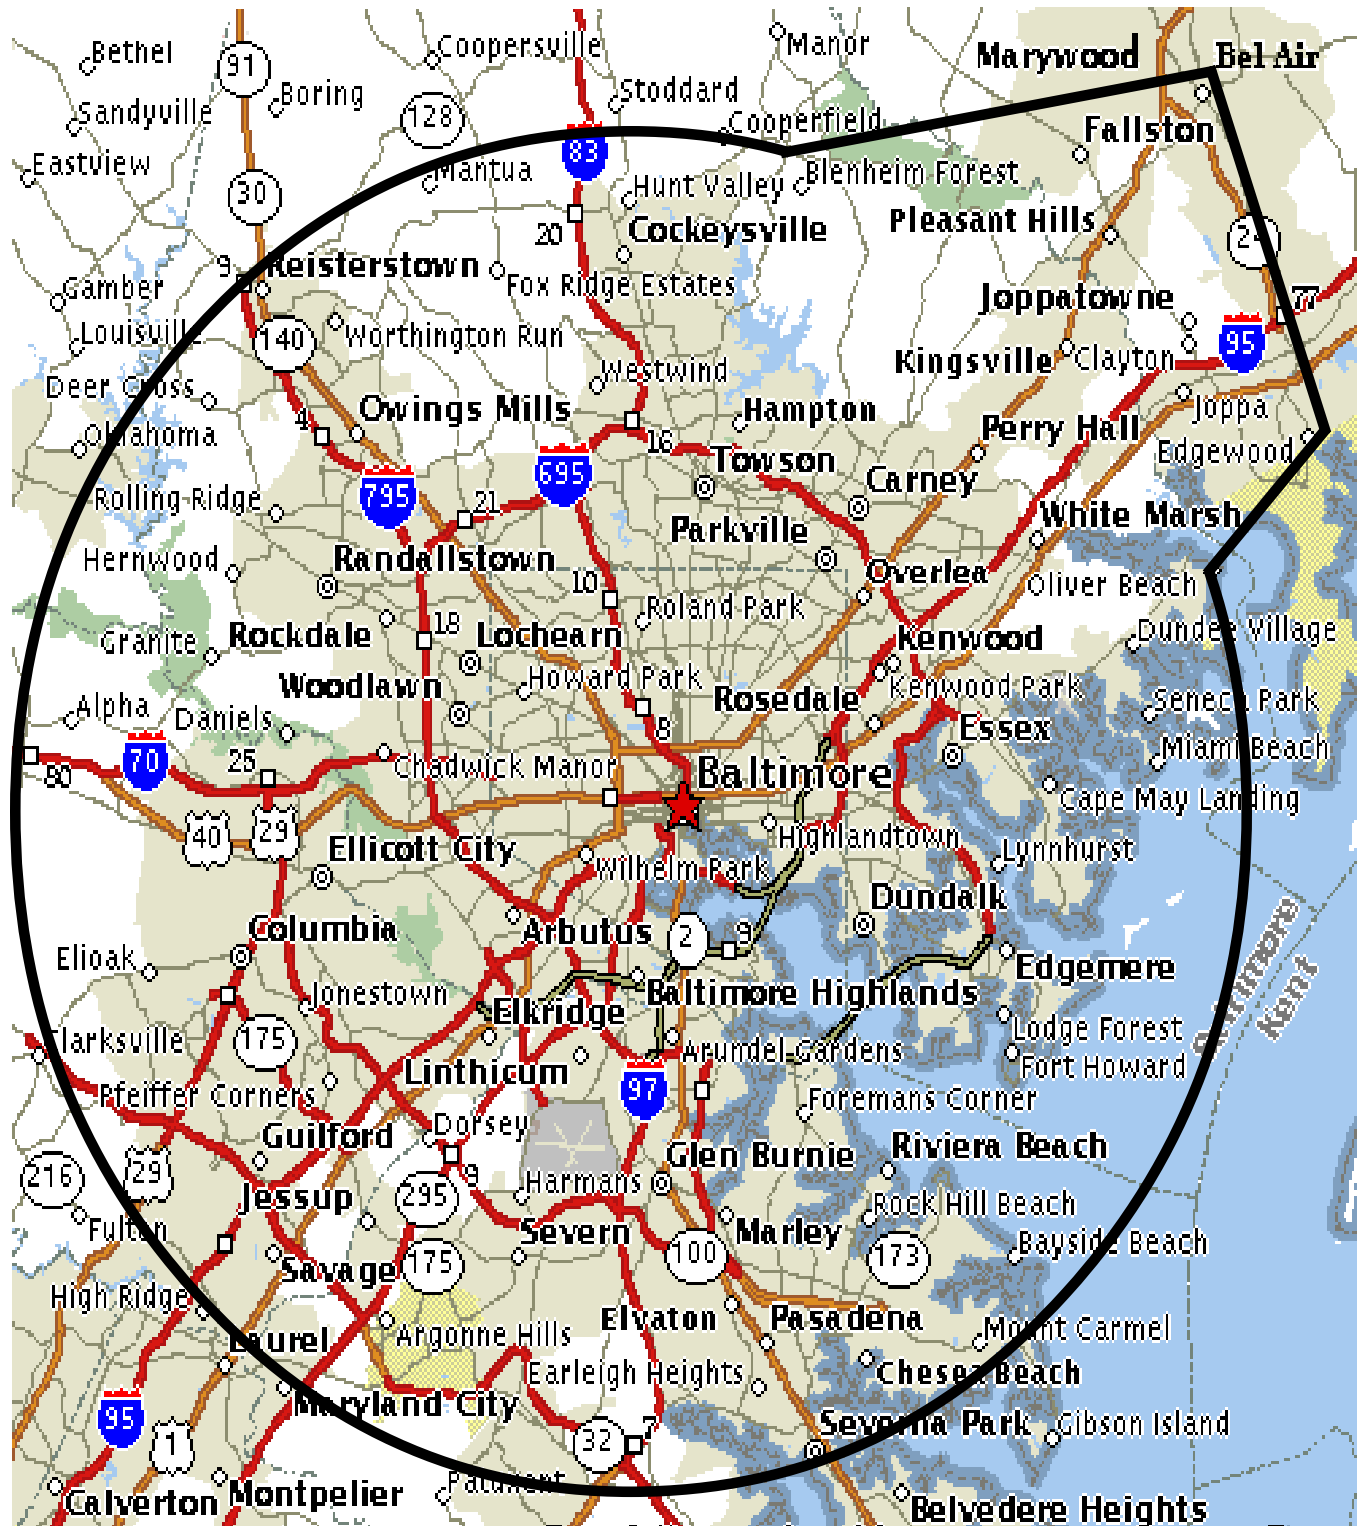

The ability for you to place, price and check status of open orders.
The ability for you to be able to retrieve past invoices, print and view them.
The ability to check availability and pricing of any item in our catalog.
The ability to view your account balance.
The ability for you to order any of the countless items that have accessible.
Electronic conformation of orders.
The ability to get past sales reporting by location or account name, detailed by product class or specific items.

We are constantly striving to make your business our top priority. If you are a current customer, we thank you for your continued support. If you are a new customer, we want to welcome you to our Mill Supply family.

Terms & Conditions

Product Description

Our catalog has been designed to enhance product selection by our customers. All items are identified with an “M” (mill) number. In some instances, the manufacturer’s product number is listed as well. In cases where products are not available, we reserve the right to ship products of equal or superior quality. Illustrations are solely for descriptive purposes.

Minimum Order

Our minimum order is \$40.00

Backorder Policy

Unless specified, backorders will be honored at our option, depending upon quantities and/or dollar value.

Payment Terms

Standard terms are net 30 days. Invoices not paid within terms are subject to finance charges of 1-1/2% per month (annual rate of 18%). We reserve the right to hold orders until past due remittance is received. We accept Mastercard and Visa for payment purposes. No deductions are permitted without prior consent.

Delivery

Orders received by 3:00pm which meet our minimum order requirements will be delivered free of charge on the next business day in our standard delivery zone (See map on previous page).

Claims

It is the customer’s responsibility to report damages or shortages within 5 (five) days after receipt. No claims will be honored after that date. Mill Supply Company, Inc’s liability is limited to the value of the material claimed. Customers may seek replacement for defective items through manufacturers stated warranty, if applicable.

Returns

No returns will be accepted without prior consent. An RGA number must be requested. We reserve the right to assess a restocking charge.

Special Order Items

These orders are subject to a deposit at seller’s option. Returns (if applicable) are subject to vendors restocking terms. Return freight charges are the sole responsibility of the customer.

MOTOROLA

New- Motorola XTN 2-way Radios.

New Features Include :

- **Large LCD display** : shows battery life, transmitting strength, code and frequency #'s - Makes programing simple and easy
- **Manufactured to military spec. 810, and IP54** : Simply put, they are stronger more weatherproof than the previous Spirit radios, these radios are manufactured to take all the abuse you can dish out
- **Manager Lockout** : Ever get the call that one or more radios do not work, only to find that someone accidentally changed the frequency or code ? With manager lockout you have the ability to restrict all radio settings, so you stay in constant contact
- **RSSI Signal Strength** : 15% more range than previous Spirit radios, signal is clearer at higher volumes
- **Call Tones** : Allows users to send up to 4 seperate tones as opposed to just talking to other radios
- **Battery Gauge** : Now you don't have to guess the battery life, LCD display shows exactly how much battery life remains
- **New NiMH Battery** : The M-Series radios with each battery recharge, the battery life actually decreases upon each charge. The new NiMH batteries in the XTN radios take a new charge to a full charge every time. Also longer battery life, up to 15 hours* as opposed to 8 on the M-Series
- **AA Battery Compatible** : Forget to recharge your battery or simply can't get to a charger ? The XTN will run for up to 24 Hours* on 4 AA batteries that fit right in the NiMH battery slot
- **More Frequencies** : 56 UHF and 27 VHF along with 120 private line codes - So you more likely to find a clear channel with no interference
- **Cloning** : Programing radios a hassle ? No problem, these radios have split second cloning. Set the first radio and using the optional cloning multi-charger tray, the additional radios will be automatically cloned to match the first one
- **Scramble (2 watt models only)** : Need to get private information to someone alone or part of a group of radios ? With scramble mode active the person(s) you want will get the transmission, everyone else will get a garbled, unclear transmission
- **Compatible** : Can be programmed to all existing Spirit GT, Spirit HP, Spirit M & S radios. Also many accessories that the M Series radios uses the XTN uses too

NEW & IMPROVED

New LCD display lets the user know the status of all vital radio functions and features.

* 15 hours of battery life on 1 watt units,
13 hours of battery life on 2 watt units,
22 hours of battery life with AA batteries 1 watt units,
24 hours of battery life with AA batteries 2 watt units.

How to order window balances correctly

1. Verify that the ends on your window balance match the ends of *our* window balances. (If they do go to step 2) (If they do not go to step 3)
2. Look for a stamped number or letter that matches the above chart. (If they do go to step 4) (If no stamp or letter is visible go to step 3)
3. Measure the length of the metal balance, not tips. Then match the length to above chart. (If your length is in the above chart go to step 4) (If not go to step 5)
4. Order using our Mill Supply item number.
5. This is not a standard window balance we stock, please call our inside sales department and we will assist you further.

Interior Plastic Locks :

- These locksets are set apart from convention because it cannot rust, tarnish or corrode - even in salt air climates. The smooth-turning, "no rattle" knob is always warm to the touch - and shock-proof too, since it doesn't conduct static electricity. And it needs no lubrication, ever. Speed of installation is remarkable, too, using only a single pre-installed (and concealed) screw to tighten.
- Fewer working parts means longer life. In independent laboratory testing, they have successfully completed one million cycles of operation. These locksets meet the performance requirements of ANSI 156.2, Series 4000, Grade 3 locks.
- Fits all interior doors 1" to 1-1/2" in thickness (1-1/8" min. door thickness when used with round face drive-in latch. For doors over 1-1/2" in thickness, consult your sales representative.

Functions:	Passage, privacy (with push-pull locking mechanism for bath rooms, bedrooms, and dummy knobs. Privacy model has emergency release operated from the outside)
Backset:	2-3/8" Radius corner
Side Bore:	2-1/8"
Latch Bolt:	Full 1/2" throw
Knob/Rosette:	2" diameter/ 2-3/4" diameter

Where 2 or more groups have different keys. Keys will not open any other lockset. Builder key will open all locks in group until tenant key is used. **Once tenant key is used builder key becomes obsolete and will not operate either lockset.**

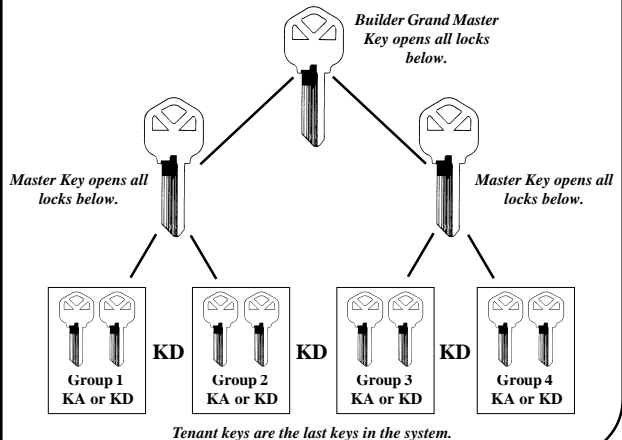

Grand Master Keyed

Where any lock in the system can be opened by one grand master key. In a grand master key system, master keys can open groups within them in the system but will not open locks under a different master key. Groups can be keyed alike or different but will not operate outside of their group.

Builder (Construction) Master or Grand Master Keyed

Where any lock in the system can be opened by one grand master key. In a builder grand master key system, master keys can open groups within them in the system but will not open locks under a different master key. Groups can be keyed alike or different but will not operate outside of their group. **Once the tenant key is used, the construction key will no longer operate the lock. The grand master and the master key will always operate the locksets in their specific groups.**
