

# WASTE REMOVAL IN HARD

## NIFTY NABBER® TRIGGER GRIP

### ERGONOMIC • MAGNETIC • VERSATILE

The new Nifty Nabber® Trigger Grip is a medium-duty grabber featuring magnetic tip, 360° rotating head and smooth-action trigger grip. Ideal for reaching objects at waist height or higher, the new light-weight design enables greater wrist flexibility and less arm stress. Also designed for ground-level trash removal. Grab hard-to-reach items without handling unhygienic or unsafe objects.

Available in 3 lengths:

- 24"/60cm
- 32"/80cm
- 36"/90cm

#### Trigger Grip

- Ergonomically-designed grip with smooth trigger-pull action for increased comfort and efficiency.
- Grip is made with fiberglass-reinforced plastic for increased durability.
- Trigger-grip requires less force and increases productivity.

#### Rotating Head

- Access hard-to-reach areas or items with 360° rotating head.
- Retrieve items from tight, narrow spaces like behind file cabinets or bookshelves.
- Locks securely into place; just pull the trigger and rotate the head to desired position—locks every 90°.

#### Rubber Claws with Magnetic Tip

- Hold even the smallest items with the claw's magnetic tip - even heavy items like key chains and cans!
- Wide-claw design opens to 5" making it easy to grab larger items.
- Grab and hold items up to 10 pounds.

#### Aluminum Shaft

- Composed of durable, lightweight aluminum. The shaft is designed to decrease fatigue and make waist-high and over-head use easier.
- Rust-resistant.
